

# Current Funding Opportunity

*We are asking for your support in our mission to build affordable, safe homes by contributing to our Construction Fund campaign for our current and future home builds. Our aim is to raise \$150,000, the base cost for materials and labor to build a single-family home in our service area.*

## How Will This Fundraiser Help Our Nonprofit?

We serve local, low-income individuals and families, some of which are our most vulnerable, such as seniors, veterans, disabled, and other priority populations that traditionally experience housing inequities. Qualified homebuyers help rehab or repair their homes by putting in sweat equity hours and paying an affordable zero interest amount to our affiliate. Small grants are also available.

Please consider what you can give to assist us in achieving our Habitat for Humanity vision: A world where everyone has a decent place to live.

*Breaking ground at the McMahon Home Build, October 2022*

## About Our Affiliate

Our affiliate serves East Linn County communities in ZIP Codes 97355, 97327, 97386, 97345, and 97329 with home repairs and home builds. Once we purchase land or someone donates property, we post an open application period for our next partner family home build. We own a ReStore at 566 S. Main St. in downtown Lebanon, featuring every day and seasonal home décor, garden, and hardware for less than retail prices. New products are donated by local retail and box stores and new and gently used items are given by individuals and businesses in the community. This allows homeowners to maintain their homes at affordable prices.

## Why Partner with Lebanon Area Habitat for Humanity?

The importance of a place to call home has never been more of a priority. Funds raised by the Construction fund campaign contribute not only to our home builds, but future land purchases for single and multi-family homes. In addition, the money we raise helps us obtain grants as foundations assist organizations with strong community support from folks like you.

**We invite you to join in this important work by partnering with us for our upcoming event.**

Your sponsorship will assist us in our mission to help individuals and families gain a home of their own or remain in a home they love.

## Construction Fund Campaign: Spring Fundraising Event

# Sponsorship Categories

Construction program funding comes from grants, donations of labor and materials, and homeowner loan payments. Our Construction Fund campaign offers exposure and benefits for our sponsors.

Benefits	Apprentice \$25-\$499	Artisan \$500-\$999	Contractor \$1,000-\$2,499	Architect \$2,500-\$4,999 (2 available)	Engineer \$5,000-\$9,999 (2 available)	Developer \$10,000+ (1 available)
